

本署檔號 Our Ref. : (52) in DH SEB CD/8/27/1 Pt.19

28 May 2012

Dear Medical Superintendent,

Extension of Enhanced Surveillance for Severe Seasonal Influenza

I refer to the letter of 14 May, 2012 and thank you for your ongoing support to the enhanced surveillance for severe seasonal influenza. Since the surveillance was enhanced on 13 January, 2012, 214 cases (including 128 deaths) were recorded (as of 28 May, 2012). In accordance with the latest surveillance data, the overall influenza activity has further increased. The weekly number of influenza detections at Public Health Laboratory Centre continued to increase from 323 for the week ending 28 April, 2012 to 852 for the week ending 19 May, 2012. The latest number of influenza detections was 1113 for the week ending 26 May, 2012, indicating that the influenza activity remains at high level in Hong Kong.

In view of the sustained high activity of the influenza, we would maintain our vigilance and extend the enhanced surveillance for severe seasonal influenza for two more weeks i.e. instead of ending on 31 May, 2012 and now ending on **14 June, 2012**. The case definition remains the same and the enhanced surveillance would be further extended if needs be. Please report patients who satisfy the following case definition to the Central Notification Office (CENO) of the Centre for Health Protection (CHP) (Fax number: 2477 2770) by fax of the completed form. Nil return is required.

Case definition

Any patients of age 18 years or above who required intensive care admission or died AND had any positive laboratory result of influenza infection

Please be reminded that this enhanced surveillance is in addition to the reporting of severe paediatric influenza-associated complication/death as a communicable disease of topical public health concern.

Thank you once again for your kind assistance.

Yours faithfully,

A handwritten signature in red ink, appearing to read 'SK CHUANG', is positioned above the printed name.

(Dr. SK CHUANG)
for Controller, Centre for Health Protection
Department of Health

Please fax your reply before 12 noon

**Reporting of Patients with Influenza Associated ICU Admission or Death
(13 Jan – 14 Jun 2012)**

To: Director of Health

Fax No. : 2477 2770 (Central Notification Office)

Daily Reply Slip on _____ (Please insert date)
from _____ (Name of institution)

1. The number of new cases reported to the Centre for Health Protection in the past 24 hours is: _____
(For new cases, please complete appendix 2)
2. The total number of cases reported so far is: _____
3. The following patients' clinical conditions have changed (please use additional sheets if necessary):

Name	Sex	Age	Any Change of Condition with date (e.g. death or discharge)

Contact person:

Name: _____

Tel: _____

Position: _____

Note 1

For severe paediatric influenza-associated complication/death, please also report to Central Notification Office (Tel: 24772772) or call Medical Control Officer at 71163300 a/c 9179 if outside office hour.

Note 2

Please return even if no case is recorded.

Appendix 2

Reporting of Patients with Influenza Associated Intensive Care Unit Admission and Death
(New Cases)

For patients with influenza associated with intensive care unit admission or death who are tested positive for Influenza, please fax this form to our Central Notification Office (2477-2770)

Date: _____

Patient particulars

Name in English (please affix patient's gum label if applicable)	
Name in Chinese	
Sex / Age	
HKID / Passport No.	
Patient / guardian contact phone number	
Date of admission	
Ward / Bed no.	

Clinical information

Onset date (please specify symptoms)	
Diagnosis	
Past health	
Obesity (please specify BMI if available)	
Influenza vaccination history	
Current condition of patient (Stable/satisfactory/serious/critical/fatal)	
Date of death (if applicable)	
Influenza test type	
Influenza test result	
Further laboratory test results	

Attending Physician
